Ron DePolo Wins 1st SASBA Title!

Ron DePolo bowled fantastic on Saturday...besting even the highest score in the neighboring 50-59 tournament. On Sunday morning, he struggled a little. He said "I grabbed every shot this morning". Still, he managed to qualify 2nd behind Steve Ray. He passed Steve with a 264 opening game, but lost the lead with 225-211 losses. Then, he found the magic he had found on Saturday...reeling off games of 289, 300, 267, 224, then 254 in

the title match. He slammed the door on the contenders and captured his first SASBA title! Nice bowling Ronny! Steve Ray and Bob McGregor tied for 2nd...both showing signs of greatness they have displayed over long successful careers. Phil Bailey got 4th and Phil Prieto finished strong to round out the top five.

The shot held up well and was high scoring. Thanks again to Jamie,

Scott and crew for hosting.

300s were shot by Randy Summers, John Denton and Dave Dupont in qualifying. Ron had the only one in the finals.

There are only 20 spots left at Tangi. Contact Marshall Medlin to help with the JDRF Fundraising at marshallmedlin@marshallmedlin.com to help sell raffle tickets.

Jim's Notes

Tidwell is back after hip replacement. Lynch needs a new knee. Colin Kyle's got a new hip. Wolf's got a new shoulder. Lately, SASBA tournaments are like the waiting room at an orthopedic surgeon. That said, our guys and gals are amazing in their determination to continue competing and their quest for improvement.

Jims Tip: We've heard lots of times about the importance of "speed control". As important, in my opinion, is "loft control". Variances in the amount of loft can have negative results as well. It affects the degree of skid, how the ball reads the midlane, rev rate, etc. What causes these variances? Usually, your grip snugness or grip pressure or both. Only a snug grip and proper span can allow a consistent, repetitive release.
