

Lawrence/Lawrence win Ice Bowl in Lawton!

On an icy, snowy weekend at Hog Pin Bowl in Lawton, OK, the father/son team of Rick and Matt Lawrence climbed to a 166 pin lead entering the title match...then proceeded to almost blow it. Dale Eagle and Lance Ragland shot 279 and entering the 10th, Rick need a mark and good count to hang on. He flushed it up and got X/ to win by four pins. It was Rick's 3rd SASBA title. Pete Thomas and Stace Bohlender got 3rd, Doc Dougherty and Cedric Gaines finished 4th and Mike Burk and Brant Hill rounded out the top five.

Thanks to Tony Faustner and crew for hosting. The shot was high scoring and the center was warm... despite single digit temps outside. We almost had this tournament full, then the ice storm hit and many bowlers were not able to make it out of D/FW and farther south. The ones who left on Friday or early Saturday were able to get through. On some teams, one made it there, but the partner couldn't. A few teams were put together at the last minute and one made the finals.

Our next tourna-

ment is the Annual Christmas Tournament at Cowtown Bowling Palace in Fort Worth. The computer picks the teams for this one. The Annual Awards Dinner will follow bowling Saturday. The first weekend in January is another member/guest doubles at Crossroads Bowl in Beaumont and the next weekend, we'll be in Fort Worth for an Age Bracket singles.

If we don't see you next weekend, Kathy and I want to wish everyone a Merry Christmas and Happy New Year!

Jim's Notes

Mike Burk made his first finals bowling with Brant Hill...grandson of Jerry Hill, a SASBA charter member and Hall of Famer. John Servantes is throwing it great...and just missed. One septuagenarian bowled and he made the finals. Two ladies bowled and one made the finals. Two father/son teams bowled and one made it... and won it!

Jims Tip: I can't stress enough about the importance of being able to tweak your slide to match the approaches that day. Humidity, wood/synthetic, temp, etc. are all variables that can change your slide. If you are stopping too quick, you can't repeat. If you are sliding too far, you can't get leverage. If you don't have interchangeable soles and heels or at least a slide sock or Teflon tape, you are at the mercy of the environment, instead

of controlling your own environment. Isn't it time we all got away from the use of powder and other substances that might affect other bowlers?
